

DEMOCRATS WILL BLOCK 3 PERCENT SALES TAX BILLS

DEMAND THAT RELIEF GROUP BE ABANDONED

Declare Appointive Official Should Handle Work

By Milburn P. Akers
Associated Press Staff Writer
Springfield, Ill., April 17.—(P)—Demands by a group of Democratic senators from downstate districts that frequently criticized Illinois emergency relief commission be abandoned today blocked the efforts of the Morner administration to pass the three per cent sales tax bills and raise the unemployment funds insisted upon by federal authorities.

A second caucus of Democratic senators this afternoon broke up with word that the bills to increase the sales tax could not be voted upon this week because the necessary emergency majority of 24 upper house votes could not be obtained.

After the secret caucus it was learned a group of the downstate Democrats insisted that the law creating the relief commission, which expires August 1, should not be extended.

Senator Wilbur H. Hickman, Paris Democrat, was instructed to draft a bill for presentation at a caucus next week to put the administration of relief in the hands of an appointive official who would work at Springfield in a capacity similar to that of a director of one of the code departments under the governor.

The refusal to vote for the three per cent sales tax came in the face of word last night that the federal emergency relief commission would not give Illinois further unemployment grants unless the legislature votes taxes to raise \$3,000,000 a month before May 1.

With no action this week, it would require fast work to pass the sales tax measures if agreement could be reached on the plan being drawn up by Hickman.

Governor Morner made no public comment as a result of the refusal of the heavily Democratic senate to support his program, designed to raise \$66,000,000 yearly by increasing the sales tax and putting a three per cent levy on utilities.

The administration, supported by Mayor Kelly of Chicago, has made every effort to get the legislature to pass the tax bills.

At the caucuses, however, it was found that it would be impossible to get a two-thirds majority in the senate unless the IERC is junked. There was considerable question as to whether a constitutional majority of 36 votes could be obtained.

The downstate Democratic senators apparently were willing to support the tax bills if the relief commission would be abandoned this summer.

Harry L. Hopkins, federal relief administrator, has staunchly defended the IERC and opposed suggestions that it be abolished.

BOYS MISSING

Salem, Ky., April 17.—(P)—Belief that four youths lost their lives in an attempt to cross the Ohio river Sunday night was expressed by searchers here today after the failure to find them or their boat.

The four had been visiting in Roschare, Ill., and relatives thought they were still there until the attempted crossing was learned today. They were Harold Boyd, 20, Salem, Ky., and Alex Alexander, 22, Albert Speer, 21, and "Bus" Belt, 18, all of Carversville, Ky.

Weather

For Jacksonville and vicinity—Unsettled weather is predicted for today and tomorrow.

The U. S. Cooperative Weather Bureau at the Norbury Sanitarium last night gave temperatures as: high 49; current 45 and low 38. Barometer readings were: A. M. 30.00; P. M. 29.97.

Illinois—Rain, rising temperature in east portion Thursday; Friday partly cloudy in north, possibly rain in south; warmer Friday, except in north portion.

Indiana—Rain Thursday or Thursday night, with slowly rising temperature; Friday mostly cloudy, possibly rain in south, rising temperature in northwest.

Wisconsin—Mostly cloudy, somewhat warmer Thursday; Friday partly cloudy and warmer.

Missouri—Rain probable, somewhat warmer in east and north portions Thursday; Friday generally fair, except possibly showers in extreme south, warmer in central and north portions.

Iowa—Mostly cloudy in east and central portions, generally fair in extreme west, somewhat warmer in central portion Thursday; Friday probably fair, rising temperature in central and east portions.

'HEART BALM' BILL PASSED BY ASSEMBLY

Measure Outlaws All Such Suits In Illinois

Springfield, Ill., April 17.—(P)—The Illinois legislature this afternoon passed the Illinois and New York heart balm suits.

Without a sign of an argument or an opposing vote, the senate sent to Governor Morner for his signature the bill by Rep. John R. McSweeney, Chicago Democrat, to end damage suits charging alienation of affections, seduction and breach of promise.

The vote was 37 to 0. The only speech made on the bill was a brief explanation by Richey V. Graham of Cicero, president pro tem, who briefly explained its provisions. The roll call was quickly completed.

Governor Morner hasn't expressed his opinion about the McSweeney measure, but his signature is expected. In 1933, he approved a bill by Graham permitting men as well as women to collect alimony. That started a drive to change the Illinois laws on marital relations and several other bills are pending before the legislature.

McSweeney has described his bill as being identical with the new Indiana law championed by Rep. Roberta West Nicholson.

It would make it unlawful to file or threaten to file the outlawed actions. Neither could a co-respondent be named in a divorce, annulment or similar proceeding without the consent of the judge at the request of the adverse party.

The legislature has more than two months left in which to act on proposals to require a three day notice of intention to marry and to permit husbands to sue for separate maintenance.

Gertrude Puhse "Thankful" She Escaped Chair

Chester Penitentiary Warden Informs Commuted Woman Of Commutation

Chester, Ill., April 17.—(P)—Mrs. Gertrude Puhse learned tonight of her escape from death in the electric chair.

Warden Joseph Ragen told her, in her cell at Southern Illinois penitentiary, of Governor Morner's commutation of her death sentence to 99 years imprisonment.

"Oh, my God—I am sure thankful," were her only words.

Thomas J. Lehne, sentenced with Mrs. Puhse for the murder of her husband, was also told of the governor's postponement of his execution until April 23. The two were to have been electrocuted Friday.

Lehne did not reply. He has said little during his months in prison, and has shown little emotion.

Mrs. Puhse, however, had been very nervous and her condition became worse as the day for the execution approached, Warden Ragen said. She is 44 years old and mother of two children.

She will be taken Friday to the women's reformatory at Dwight, Ill.

Mrs. Puhse admitted helping Lehne kill her husband, Charles, as he slept at his home in Granite City, Ill. Evidence at the trial showed the two had been having illicit relationships.

Jesse Hall Is Given Freedom

Vandalia, Ill., April 17.—(P)—Former State Representative Jesse Hall, who served eleven months at the state prison farm here for embezzlement, was released today.

Warden George Ray said Hall, who was sentenced for a year and fined \$1000, received a month off for good behavior. The warden said he did not know when the fine was paid, but that he had received the order to release Hall.

Hall was convicted last May of conspiring to embezzle \$35,000 while serving as mayor of East Peoria, Ill. He pleaded guilty before Circuit Judge Joseph E. Bally at Peoria.

The charge against him grew out of investigations of the East Peoria "industrial" group, composed of representatives of heavy industries there.

Warden Ray said he did not know when Hall went when he left the prison farm.

BILL FACES DELAY

Washington, April 17.—(P)—The Elmer B. Elmer bill to pay farmers along the upper Mississippi river for increased costs of keeping water off their lands because of the nine foot river channel development faced another delay today.

The house rivers and harbors committee, after considering the bill in executive session, decided to defer action temporarily and to ask the justice department to send a representative to explain its opposition to the measure.

Hawaiian Forced To Write Middle Name For Police

Portland, Ore., April 17.—(P)—Clerks in the police record bureau asked the middle name of Marcus Weisbarth, a Hawaiian arrested as a strike disorder suspect. Weisbarth pronounced it several times and finally had to write it for them.

It was "Kamakekahanakoukoulani."

REPUBLICANS GATHER FOR CONFERENCE

Will Start Rebuilding Party For 1936 Campaign

By Cecil B. Dickson
Associated Press Staff Writer
Washington, April 17.—(P)—A series of private conferences between republican leaders aimed at rebuilding the party for the 1936 presidential campaign, will begin here tomorrow.

Disclosure of the parleys, considered of major importance by some G.O.P. leaders here, came on the eve of the arrival of the veteran Emporia, Kansas, republican publisher, William Allen White, from New York, and former Senator Henry J. Allen, former Wichita, Kansas, publisher. Both will participate in the round of discussions that will be of an informal nature.

These discussions are preliminary to the projected meeting of republicans from twelve mid-western states tentatively scheduled for Kansas City in May, and to similar proposed gatherings in New England, and on the west coast.

White and Allen, with John Hamilton of Topeka, Kansas republican national committeeman, and Senator Capper (R-Kans.) are among the leaders in the movement for the mid-west regional G.O.P. meeting.

Senator Capper today scoffed at rumors that the projected midwest meeting might be indefinitely postponed because of factional differences.

No trouble of that sort was expected, he said, in answer to a question as to reports that a battle was in prospect between the young and older republicans for control.

The purposes of the conferences, here as explained by Capper, is for White and Allen to sound out republicans in congress on their ideas for the 1936 contest in order that mid-western republicans may understand other sectional viewpoints.

Probably the most important of the series of parleys will be at a luncheon Saturday to be given at the Capitol by representative Guver and Capper in honor of their fellow Kansas republicans.

Among those invited are the G.O.P. Senate and house leaders, Senator McNary of Oregon, and representative Ehnell of New York and the co-chairman of the republican senatorial congressional campaign committee, Senator Hastings of Delaware, and representative Bolton of Ohio.

Others scheduled to attend are Senators Vandenberg of Michigan and Dickinson of Iowa, both mentioned as republican presidential possibilities, the Kansas republican delegation, representatives Mapes and Michener, both of Michigan, Martin of Massachusetts, Crowther of New York, and Christianson of Minnesota.

Meanwhile, republican leaders in congress said privately they did not believe former President Hoover was behind the projected regional G.O.P. meetings.

At the White House today, President Roosevelt said he would continue to remain aloof from state elections and local contests.

Court Orders Man Released

Springfield, Ill., April 17.—(P)—Because he was not tried within the four month period prescribed by law, the Illinois Supreme Court today ordered that Paul Szobor does not have to serve a 1 to 14 year penitentiary sentence for arson in LaSalle county.

Szobor was arrested last June 22 and indicted in November. He later was denied a request to withdraw a guilty plea.

Holding that a speedy public trial should have been granted, the opinion said the LaSalle county circuit court should have automatically freed Szobor four months after his arrest.

MINER JAILED

Benton, Ill., April 17.—(P)—Felix Striwinkey, 55-year-old miner of West Frankfort, Ill., was in jail here today.

Physicians said Mrs. Striwinkey's condition was critical.

Striwinkey was recently placed on relief rolls, and authorities expressed belief that his inability to secure work caused him to become dependent.

Springfield, Ill., April 17.—(P)—Mrs. Gertrude Puhse of Granite City today escaped death in the electric chair. Her sentence of electrocution was commuted to 99 years imprisonment by Governor Morner, who also granted four-day reprieves to two men so that they need not die on Good Friday.

The electrocution of the men, Thomas J. Lehne of Granite City and Fred Blink of Whiteside county, was postponed until April 23 by the governor's order.

All three were scheduled to die tomorrow.

Mrs. Puhse, who helped Lehne kill her husband, would have been the first Illinois woman to be executed since 1845, when a woman was hanged at Lawrenceville, Mr. Horner said.

Lehne and Blink were given four more days to live, the governor said, because Good Friday is "a day recognized and widely observed as a day of religion by so many of our citizens."

Blink, who killed five neighbors with a shotgun last fall, is in a death cell at Joliet penitentiary. Lehne and Mrs. Puhse have been held for months at the Chester penitentiary.

Mrs. Puhse is to be transferred to the women's reformatory at Dwight, to serve 99 years, with no time off for good behavior, the term to begin last September 27.

Mr. Horner said his action in the three cases was taken at the recommendation of the state pardon board.

Mrs. Puhse, the 44-year-old mother of two children, confessed that she helped Lehne kill her husband, Charles, as he slept in his Granite City home. She had illicit relationships with Lehne, evidence at the trial showed. They became enemies before the trial.

Investigation Of Universities Voted By Senate

Senators Will Probe Charges That Communism Is Being Taught

Springfield, Ill., April 17.—(P)—The state senate tonight adopted a resolution calling for appointment of a committee of five of its members empowered to investigate reported communist teachings in all tax-supported schools and in any privately endowed school which has tax exemption.

The University of Chicago, a privately endowed school which recently has been the target for charges that it "fostered" radical teachings, is partially tax-exempt and would come under the scope of the committee's authority, sponsors of the resolution said.

The resolution, introduced by Senator Charles Baker (R) Monroe, was amended by Senator William E. King (R), Chicago negro, so as to include alleged discrimination because of race at any of the institutions to be investigated. The resolution won by a vote of 28 to 11.

The senate argued three hours before approving the resolution and efforts were made unsuccessfully to send it to the executive committee, burial ground for hundreds of resolutions during the course of a session.

John Scott, 35, handsome undertaker's assistant who drove Olive home from a movie on January 30, the night she was slain, told the jury the man who fled after firing five bullets into the car where they sat was the defendant.

"I recognized Skinner by his gait as he ran toward his home," Scott declared. He described in his testimony the fatal wounding of the girl. He did not understand until later, he said, that he, too, was wounded.

The Derwent girl, shot four times, died two days after the attack. Skinner, who, officials said, had developed a "mad love" for the attractive high school student, was arrested a few minutes after the shooting.

State's Attorney Edward Jones, in an opening statement of only 15 minutes, said the state would prove that Skinner murdered Miss Derwent because of jealousy over her friendship with other men of the community.

"The defense has adopted no plan—we will have to take care of that as the trial progresses," Defense Attorney Harold Nimz said.

In order that the defendant, who is deaf, can follow the trial testimony, Judge Harry Edwards today ordered two court reporters to be on duty. The reporters work at intervals of an hour, and each one at the conclusion of each period, transcribes his notes so that a copy of the testimony can be kept before Skinner.

Clarence Darrow Will Celebrate 78th Birthday

Veteran Attorney Says World Much Better Than It Was 50 Years Ago

Chicago, April 17.—(P)—Clarence Darrow, veteran criminal lawyer, found life pleasant today as he prepared to celebrate his 78th birthday tomorrow and expressed satisfaction with the world in general with but one exception—the present distribution of wealth.

"There is no question but that a more equitable distribution of wealth is needed," said Darrow at his apartment home overlooking the University of Chicago's Midway Park.

"The world of today is quite all right. I wouldn't trade it for the world of 50 years ago for anything. We know more. The practice of medicine then as compared with now was a black art. Our scientific knowledge is greatly increased. We are better informed on the languages, habits and activities of other nations."

Sitting before the fireplace of his large living room, Darrow appeared to be in good health. He follows current affairs closely, but with the exception of a trip to Washington last month to testify against the NRA, has been generally inactive recently.

Darrow said he thought it "most likely" America and other nations will "emerge soon" from the depression, but predicted the United States will "go back into it again, at least within four years after real prosperity has returned."

THOUSANDS WILL BE EMPLOYED TO COUNT JOBLESS

'White Collar' Persons Selected To Make Count

By W. R. Ragsdale
Associated Press Staff Writer
Washington, April 17.—(P)—A plan to set a hundred thousand jobless to counting their fellow unemployed before June 1 today was reported likely to be one of the first endeavors undertaken by President Roosevelt with the four billion dollar work fund.

The plan, discussed briefly by Mr. Roosevelt at his weekly press conference, would use unemployed "white collar" persons to make the count.

Other developments in the president's big effort to destroy the relief roll and turn men and women back to work were:

Secretary Ickes drew up requests for specific information from municipalities and localities seeking work funds as to how many persons they could take off the relief rolls and when the work could start.

Harry L. Hopkins, the relief administrator, set out to boil down his lists of persons on relief so that they would present a record of the employables.

Administration forces began laying out the country in districts so that work will be done by regions instead of individual localities. The emergency council will aid in this work.

President Roosevelt divided the administrative functions into two sections—allocation and engineering.

Plans were shaped toward requiring as many of the projects as possible to return the money loaned by the federal government.

These disclosures were made by the president while plans for the unemployment census were being whipped into shape by a committee composed of Hopkins and secretaries Roper and Perkins. They were studying chiefly how the count might be made most quickly and what information should be sought.

Some of the questions already decided upon were:

The name, age, color, sex and marital status of the unemployed; where they are located; what persons are employable; what they are qualified to do; what has been their principle job in the past; why they left that job; what they have been doing since that time.

Charles Skinner Placed On Trial In Murder Case

Amboy Poet Is Charged With Killing High School Junior

Dixon, Ill., April 17.—(P)—Charles Skinner, 43, eccentric Amboy poet, was identified as the slayer of Olive Derwent, 17, Amboy high school junior, today, by the first witness called for the state a. Skinner went on trial for murder.

John Scott, 35, handsome undertaker's assistant who drove Olive home from a movie on January 30, the night she was slain, told the jury the man who fled after firing five bullets into the car where they sat was the defendant.

"I recognized Skinner by his gait as he ran toward his home," Scott declared. He described in his testimony the fatal wounding of the girl. He did not understand until later, he said, that he, too, was wounded.

REACH AGREEMENT

London, April 17.—(P)—An exchange telegraph dispatch from Geneva tonight said Foreign Commissar Maxim Litvinoff of Russia and Foreign Minister Pierre Laval of France, after conferring at length, reached an agreement on the final draft of the proposed Franco-Soviet accord.

Signatures will be affixed when Laval visits Moscow after the League of Nations council sessions end, the dispatch said.

POLICEMEN INJURED

Lethbridge, Alta., April 17.—(P)—Sixteen British Columbia policemen were injured, five seriously, and 25 or more striking miners suffered injuries in a fight at the Corbin Collieries today, according to word received here.

REICH STUNNED OVER ACTION OF LEAGUE COUNCIL

Triplets Born To 17 Year Old Mother In West

Los Angeles, April 17.—(P)—Seventeen-year-old Mrs. Estelle Carranza gave birth today to triplets—two girls and a boy—in what doctors believed to be an extremely rare case for so young a mother.

At the county jail, Joseph Carranza, father of the triplets who is serving an 180-day sentence for disturbing the peace, exclaimed:

"Well, I'll be darned."

The first was born at 8:16 a. m., a girl weighing two pounds, 151 ounces. A boy came at 8:21 a. m. and weighed three pounds, 81 ounces. Another girl arrived at 8:27 a. m., and weighed two pounds 21 ounces.

The babies, premature, were placed in incubators. Doctors said the family was "doing fine."

RENEW SEARCH FOR MAX PERROT, MISSING YOUTH

Woman Identifies Man Seen On Car With Deaf Boy

Chicago, April 17.—(P)—Supervising Captain Thomas Condon announced tonight that Joseph Bothe, 35, inmate of an insane asylum, had been identified as the "thin man" seen with four-year-old Richard Max Perrot, when the boy disappeared from his home 13 days ago.

The captain said Mrs. Rose Sparr, former landlady of Bothe, made the identification today when she confronted him at the state hospital at Elgin, Ill. Bothe, who had escaped from the asylum several years ago, was seized April 8 for questioning in connection with the missing lad, but was freed April 9 when officials were unable to connect him with the case.

Condon reported Mrs. Sparr had seen Bothe get on a North avenue street car last April 4 with a four-year-old boy dressed in a green snow suit and aviator's helmet—the clothing worn by little Richard that day. Bothe was quoted as replying to Mrs. Sparr's accusations:

"Why do you keep picking on me? I paid you my rent when I lived there."

Condon planned to interrogate Bothe later and to quiz his wife in Chicago. The suspect was returned to the hospital shortly after he had been liberated in the early part of the investigation.

"I hope my son is still alive," his father, Max, said, "but I hardly think he can be."

On the possibility young Richard, who had been mute since birth, had been slain, the renewed search was turned in the direction of the wooded land near the end of the North avenue car line.

The captain, Mrs. Sparr, several detectives and Max Perrot drove to Elgin today. There the woman, in whose home Bothe and his wife lived in 1927, made the identification.

Condon reported he had questioned Bothe for an hour, but had learned little from him. Bothe was a former X-ray technician. His mind was deranged, officials said, by brooding over an accident in which his car struck and seriously injured a youth.

It had been rumored during the day that Richard or a boy of his description was seen riding in an automobile near Traverse City, Mich.

Police were mystified by the report, but recalled that Bothe formerly was employed as an X-ray technician at the Michigan State asylum at Traverse City. To further mystify them were announcements from the father that he had received letters mailed from a Michigan city saying his boy was dead and that the body would be found in the basement of a "neighborhood house."

Bothe's wife was questioned by police tonight and Police Captain Dan Gilbert tomorrow planned to go to Elgin to question Bothe.

Republicans To Nominate Judge

Springfield, Ill., April 17.—(P)—The republican convention to nominate a supreme court candidate in the seventh district will be held at Chicago, in the Hamilton club, on May 7. The call for the convention, signed by the republican chairmen of Cook, Lake, Will, DuPage and Kane counties, was filed with the secretary of state today.

The democrats filed a call for their nominating convention May 11.

Both parties will nominate 21 candidates for the Cook county Superior Court.

The election to fill the Supreme Court vacancy will be held July 1.

GERMANY WILL NOT ENTER ANY 'PEACE' PACTS

Outspoken Reply Is Being Prepared By Hitler

(Copyright, 1935, by the Associated Press.)

Berlin, April 17.—German officials tonight said Geneva's rebuke to Adolf Hitler's military program either completely shatters or seriously impairs hopes of getting Germany into any peace pact.

While Hitler at his Bavarian mountain retreat prepared what officials expected would be an outspoken reply to the League of Nations Council's action, little prospect was seen here that Germany would participate in future international conferences concerning security.

The Danubian conference to be held at Rome next month and the proposed larger conference growing out of the Italo-Anglo-French meeting at Sirena, officials said, both are now out of the question.

Reports reaching here said the German Fuehrer "hit the roof" when word of the council's action was relayed to him.

Seemingly dazed and stunned at the Geneva developments, the more so because Poland, Germany's official friend, joined in voting for the tri-power resolution, the Wilhelmstrasse dumped the whole problem in Hitler's lap.

"We can do no more," a foreign office spokesman said. "It is now up to the Fuehrer to decide the next step." As to what form the leader's action would take, the foreign office professed ignorance.

It was expected, however, that he would either call general elections to show the world Germany will not accept the league's accusation or issue a stinging manifesto, accompanying it with a fiery address rebuking the powers for having shoved all the responsibility for violating the Versailles treaty on to Germany and assuming none themselves.

U. S. Cracks Whip

Whip-cracking is becoming a favorite sport with the government at Washington. The lash is applied over a wide territory and for apparently opposite reasons. Secretary Ickes tells Huey Long Louisiana will not get any federal funds if he continues to run the state, pointing out that Uncle Sam's money cannot be used to build up a political machine.

On the other hand, Illinois is told by Washington that unless the legislature votes to raise \$3,000,000 a month, relief funds will be withheld. This the legislature recently declined to do, feeling no doubt that to vote new taxes would be contrary to the wishes of the people.

Whether it be one man or the representative body of a state that defies the wishes of Washington, it makes no difference. The whip is cracked and with no uncertain sound. The cracker is of course the huge fund at the disposal of the government. The mere threat that a share of it will be denied is believed sufficient to force a sovereign state to do the will of the intimated departments in the nation's capital.

There are those in Illinois who believe a portion of the necessary relief money can be raised without levying new taxes. They feel that the state's budget can be pared and the saving set aside for relief. The budget submitted for the ordinary state expenses for the coming biennium will be increased more than \$17,000,000 if the legislature grants all appropriations asked. More than \$237,000,000 will be required for the next two years, according to the new budget. It is believed that some of this money could be diverted to relief in order to save taxes.

Washington does not appear to comprehend the tax burdens its demands from the states necessitate. To compel taxation in such a manner as the government proposes in its threat to Illinois is a novel variation in popular sovereignty.

We Won't Forget

Morgan Jones, LaBorte in the British Parliament, raised a howl when the government announced a surplus in the treasury and failed to say anything about war debts to the United States. He contended that default under such circumstances constitutes repudiation and that "America won't overlook it."

Mr. Jones is right. We will not overlook or forget it, and when there comes another war in Europe, as now seems certain, the British and all others who have welched on their debts can look elsewhere to finance the conflict. It costs money to fight, but the capital of the United States will henceforth remain at home when Europe starts heaving in battle.

In the past four years England has paid about \$204,000,000 on her war debt. When she began to neglect her payments, the government would merely mention that no provision had been made in the budget for the payment. This time the government said nothing at all, which was what started the protest of Mr. Jones. Instead, the government announced a treasury surplus, something the United States would like to see but cannot on account of mounting obligations. Some of England's surplus passed across the pond just now would help to lower our staggering deficit.

"Soda Ash" John

John M. Horan of Milwaukee holds a record. Wednesday he celebrated the 80th anniversary of his employment with the Milwaukee railroad. He was given a luncheon by officials of the road. At the age of 97 he is still a boiler washer inspector for the road in the Milwaukee shops. His story sets forth the life of a rather remarkable character, who has been working for eighty years for the same company.

Mr. Horan started work for the railroad April 17, 1855 piling and loading wood onto the wood-burning

locomotives of that age. Wood was piled in quarter, half and full cord piles to permit measuring the amount loaded. Engineers acknowledged the amount received by giving the caretaker of the wood-yard metal tokens that were issued to, and, charged against their engines. One of Mr. Horan's prized possessions is a half cord "wood chip" he carries as a memento of his early day labors.

Changing his duties with the development of motive power, he has worked as a machinist, engineer, traveling inspector and now, after years of service that exceeds the average life span, the life of a railroad man continues to fascinate him and he has refused to accept a retirement pension.

He is a widower, has reared a large family, and now resides in Milwaukee with his grandchildren. One of his sons, William, a locomotive engineer, has been with the railroad for more than 50 years.

At 97 Mr. Horan is firm of step, straight as an arrow, needs no glasses, perfect hearing, agile, and, does a full day's work every working day as a boiler washer inspector. (Note, please, he is not a "boiler inspector"—he mixes the compounds and supervises the washing of locomotive boilers.) He is affectionately known to his fellow workers as "Soda Ash" Johnny as he was the originator of the use of soda ash in the treatment of water in locomotive boilers.

An incessant pipe smoker, he is grateful that he has been privileged to enjoy a long and active life. He loves to tell that he was "on the job" for the Milwaukee Road before any of its present day officials were born and that he has shaken the hands of every president of the company including the first, Byron Kilbourn, and the present, H. A. Scandrett.

A Waste of Crocodile Tears

(Farm And Ranch, Dallas, Texas)
We saw an editorial in a daily newspaper the other day that was dripping wet with crocodile tears. It stated that in Anhwei province, China, 3,000,000 Chinese were starving, and, after describing in harrowing detail just how these babies looked with gas distended stomachs and exposed ribs, concluded with the statement that here in America "farmers are signing up in solemn contracts with the American government not to farm as well as they can for fear there will be a surplus of foodstuffs."

Long before any one ever heard of an Agricultural Adjustment administration—at times when American farmers were producing to capacity, and shiploads of wheat, meat, and other foodstuffs were crossing the ocean in almost an endless line to the markets of Europe, there were starving millions in China, and oftentimes in India and in other parts of the world. That there are starving Chinese mothers and babies at this time is to be regretted. There are also ill-fed people here in this land of abundance, and there would be millions of others in the same condition as found among the Chinese were it not for the fact that a generous government and a generous people are providing for them.

There is no sane reason to believe that these starving people in China would now be nourished had it not been for the AAA. It is far-fetched even to presume that it has made any difference at all. Therefore it is indeed a lame argument to use against the attempt to reduce surpluses in this country in order that our own farmers may receive a price for their labor and investment that will give them a fair standard of living.

Views of The Press

FREEZING AND MELTING

From The Moline Dispatch
Harwood P. Merrill, writing in Forbes' Magazine says:

"General Houses' dwelling at the 1934 Chicago fair went up between dawn one day and midnight the next. "Assembly of a 20x50 warehouse in Virginia, designed by the Steelco company, took so little time that the bill for wages, at union rates, was only \$65.

"Haskelite Manufacturing company expects to assemble a 5-room house with fifty hours of labor.

"Insulated Steel Construction company estimates that walls, floor and roof of its houses should be in place three days after work begins."

That is what happens when an industry undertakes to "freeze" its costs near inflationary peaks and out of line with other lines. The building industry overbuilt the country at prices created by war inflation. When deflation came it was highly and tightly enough organized to freeze prices near the peak.

That is what has been undertaken generally under NRA.

Those who are in have formulated codes providing that those who are not in business but desire to get in can not do so without consent of those who are in.

One industry may have power to freeze itself, but the thawing out process will be going on elsewhere.

Explaining Some of the Cheers From the Ball Park

Behind The Scenes In Washington

Liberals Fear 'Palace Gang' Will Lead Roosevelt to Taft's Fate

BY RODNEY DUTCHER
Journal and Courier Washington Correspondent

Washington.—According to various popular magazine writers, Roosevelt has fired the "Brain Trust," spurned the left-wingers, turned completely to the right, and surrounded himself with a new ring of conservative advisers.

I suppose that explains why the last year has been so full of budget disasters. Director Lew Douglas and NRA Administrator Hugh Johnson, two of the best friends conservative financiers and industrialists have had in Washington since Mr. Hoover left.

I suppose that's why Roosevelt, faced with his most crucial program in the \$4,000,000,000 work-relief operation, has chosen as his "brain trust" to direct it the three outstanding New Dealers who still stick their necks out as liberals—Mr. Hopkins, Mr. Tugwell, and Mr. Ickes.

And I suppose that's why Roosevelt had Tom Corcoran and Ben Cohen, two original brain trusters and leading young Brandeis-Frankfurter disciples, prepare and fight for the Wheeler-Rayburn holding company bill, which has called forth the "power trusts" most furious propaganda effort of all time.

"Palace Gang" Strong
Enough of that. What I mean is that the situation as to Roosevelt's advisers is much more complicated than most commentators would have you believe.

Despite those important incidents, the ear of Roosevelt has lately been lent most of the time to cautious conservatives, who warn him against the alleged dangers of radical reforms. A certain ring of those fellows is coming to be known as the "palace gang" and the more Roosevelt seems to listen to them, the less he seems to take counsel from such liberals as Tugwell, Ickes, Hopkins, Frankfurter, and the progressive senators. The "palace gang" includes:

Donald Richberg, who has become increasingly unpopular with labor and the liberals since he started trying to make the New Deal the darling of "big business."

Morgenthau on Top
Secretary Henry Morgenthau, who now stands in at the White House better than any other cabinet member, who takes his troubles in all their detail to the president—in contrast to independent Ickes, who runs his show—and who has become increasingly powerful through the no-longer independent budget bureau.

Postmaster-General Jim Farley, the administration's political boss.

White House Secretary Marvin McIntyre, commonly considered a pipe-line to Roosevelt for the big-time lobbyists here, and the doorman for "big business."

Raymond Moley, original Number One Brain Trustee, who comes here frequently, loaded with advice from the business-financial crowd in New York.

Moley has been the lion at a long series of luncheons, cocktail parties, and dinners in New York, arranged by a taxicab magnate named Freed, with the idea that Moley could explain "reasonable radicalism" to the tycoons while they in turn told Moley what was wrong with the government.

radicalism—including an attack on the stock market act—and prefaced with editorial admonitions from Moley that desirable reforms can be subordinated to recovery. The red-hot liberals are red-hot about this book.

Harry Hopkins is the favorite White House liberal at this writing. That's because Harry has been playing politics more than the others. The liberals are distinctly worked up and discouraged for the most part, at Roosevelt's disposition to listen to conservative advice in most matters. They express dark fears that he will go the way of President William Howard Taft.

Point to Taft's Fate

Taft was elected on his promise to carry out policies of Theodore Roosevelt, who endorsed him, and then succumbed to the blandishments of stand-patters and the "big business boys," losing all the progressives and ending up as the worst-defeated president in history.

As to the complications and conflicts embodied in the situation—considering "left" factors initially mentioned in this story—the men who know F. D. best differ. But some who have known him many years insist that the president's "right turn" is based on the idea that an urgent need of stimulating the capital market, capital goods market, and private employment can best be met by instilling business confidence.

Roosevelt knows the relief load is simply too huge to carry and thinks he needs some real recovery to win in 1936.

Re-employment by industry of two or three million men, according to this theory, would encourage Roosevelt to become more radical than he ever was before. He will be far more "left" in his second term.

Must Regain Confidence

Of course Herbert Hoover used to whisper similarly to the Senate progressives. And on the other hand, Roosevelt has at times shown his instincts to be infinitely more liberal than Hoover's ever were.

Roosevelt's biggest job is to regain the confidence of the American people. Business recovery has always been a sure-fire method of doing just that and the work-relief program—which is being coupled with overtures to business—is the one big weapon which may achieve it.

Hollywood Players Go British

You may see more British films in the near future, but you'll find several familiar faces in them, due to the raids British film producers are making on Hollywood. Above are the products of the first raid, all signed by Michael Balcon, Gaumont-British executive. At top left is Madge Evans and at right, Helen Vinson. Below, left to right, are Richard Dix and C. Aubrey Smith. More are expected to follow these to England.

Lenten Cantata to Be Presented Here By Trained Chorus

Mrs. Read Directs Program to Be Given Friday at Congregational

A Lenten cantata will be given at the Congregational church on Good Friday night, April 19, at 7:30. Selections from "The Seven Last Words," DuBois, will be rendered by a chorus under the direction of Mrs. Helen Brown Read.

As a talented director and musician Mrs. Read has arranged and produced many beautiful programs and Jacksonville citizens are anticipating a service of deep inspiration.

The entire program and personnel is as follows:

Odd Fellows Take In Four Candidates

Lodge at White Hall Has Initiation Ceremony; Rebekahs Attend

White Hall—Benevolent lodge, I.O.O.F., initiated four candidates in the first degree at their regular meeting held Monday night in the Odd Fellows hall. The candidates were Paul Brown, Dwight Conrad, Buddy Buck, and Henry Kribble. After the close of the session the Rebekahs surprised the Odd Fellows by serving sandwiches, pickles, and coffee.

Dr. and Mrs. E. J. Peek who have been spending the winter in Houston, Tex., returned home Wednesday of this week.

Mr. and Mrs. Rollin Day who have been living on Ross street are moving into the Frank Wels house on Carrollton street.

Mr. and Mrs. William Lee Dawdy who have been living in an apartment in the Mrs. American Seely house on West Bridgeport street, will move into the Frank Vossler house on Carrollton street.

Mr. and Mrs. Charles Smith and family of Palmyra visited with Mr. and Mrs. John Wynn on West Lincoln street Sunday.

Mr. and Mrs. A. W. Worcester spent the week end with friends in Wood River.

Mr. and Mrs. Edward Phillips and son, Paul Harris, of Beardstown spent the week-end with Mr. and Mrs. Edward Nash on South Main street.

Mrs. R. S. Worcester and daughter, Helen, and Mr. and Mrs. Edward Silkwood were in Jacksonville Saturday.

Mrs. W. P. Neutzman and daughters, Ruth and Gladys, and Mrs. B. F. Chouning were in Springfield Monday.

REV. SCHILLERSTROM DELIVERS SPECIAL SERMON TUESDAY

Another interesting and inspiring service was held at Northminster church Tuesday evening. Rev. Glenn Schillerstrom of State Street Presby-

terian church preached a most helpful and inspiring sermon from the text "Sir, We Would See Jesus." It was admirably adapted to the theme for Passion week.

The speaker revealed how necessary it was for Jesus Christ to face Calvary, rather than accept other appeals. The world was to see Him as the Saviour not of a group but of the world, when we had found Christ, it is incumbent upon each individual to introduce others to Jesus. For after all the world is asking of Christians the same question, "Sir we would see Jesus?"

The audience appreciated the fine duet by Misses Ethel and Laura Fernandes.

Thursday evening Dr. A. Vanderhorst will speak.

The schools of Palestine have enrolled more than 24,000 Jewish children.

RED ROUGH SKIN

How this "WONDER CREAM" clears, refines skin —

Doctors first prescribed Noxzema to relieve eczema, burns, chafing and other skin irritations. Nurses discovered how wonderful it was in clearing up Pimples, Blackheads, Chapped Skin and other beauty-robbing skin faults. Today over 12,000,000 jars of Noxzema are used yearly.

If your skin is marred by blemishes, if hands or lips are red, chapped, try Noxzema for 10 days and see what quick relief it brings. See how skin becomes softer, clearer, lovelier.

To clear skin, apply Noxzema on your face at night. Wash off in the morning — then apply a little more as a foundation for powder. For chapped skin, apply as much as skin will absorb. Continue to use Noxzema until skin faults have been corrected.

Oriental Banquet Given by Society

White Hall Young People Attend Novel Affair at M. E. Church

White Hall—The young people's department of the Methodist Sunday school held an Oriental banquet in the church as the climax of a contest between the boys and the girls and the boys lost. Charles Vaughan is superintendent of the department and was toastmaster.

The church was decorated with Japanese lanterns and the menu was mainly chop suey, rice and oriental food. The waiters wore Chinese kimonos and long black queues and presented menus for the guests to order food. The menu was a Chinese puzzle to the uninitiated.

Vocal solos were given by Mrs. Myron Fambach and Kathryn Erb. Short talks were given by Mary Evelyn Boggs, and Earl Bishop. Several others gave impromptu talks.

Obituary

JACKSON

Charles Jackson departed this life at 11:10 Monday night at his home on South Sandy street. He was born in Clarksville, Missouri, March 4th, 1860, and at the time of his death was 75 years, 1 month and 6 days of age.

He was married to Miss Mattie Graves Feb. 9th, 1886, in this city, and has resided here during their entire married life. One daughter was born to this union who passed away in infancy.

He leaves to mourn his passing, his devoted wife and one sister, Miss Mildred Bates. He was a faithful member of Bethel A.M.E. church until he was stricken with paralysis six years ago.

The remains are at the residence. Funeral services will be held at Bethel A.M.E. church at 2:30 Thursday, in charge of Rev. Stoner. Interment in East cemetery.

CONCORD BAND GIVES PROGRAM

Harmonica Musicians Make First Public Appearance; Other Concord News

Concord, April 17.—The Harmonica band, organized by Mrs. W. W. Williams, composed mostly of primary school pupils, made its first appearance before the public Saturday afternoon at the Morgan hall.

First on the program was a contest between five members of the band to decide the one most efficient in playing the Star Spangled Banner, the players being unseen. The judges were Mrs. Henry Duncan and Miss Esther Strickler. The decision was in favor of Helen Caldwell who received a prize. Barbara Jean Ellidge received honorable mention.

A vocal trio by Carl Thixton, Sammie Caldwell and Buddy Williams, accompanied by Esther Strickler and Mrs. Williams was the second number. The third number was a harmonica selection, "Old Black Joe," by Barbara Ellidge. The closing selection was a song by the band, "When Day Is Done."

Mr. and Mrs. R. R. Englehart, of Davenport, Ia., came Saturday to visit Mr. and Mrs. C. E. Newton on the way home from Biloxi, Miss.

Roosevelt Tosses First Ball And Senators Beat Macks Four To Two

Schoolboy Rowe Pitches But White Sox Take Game From Detroit Tigers 7 to 6

Detroit, April 17.—(AP)—Schoolboy Rowe, accepting a chilly opening day mound assignment, met a red-hot reception as Zeke Bonura led the Chicago White Sox on a wild hitting spree to set the champion Tigers down, 7 to 6.

Bonura led the Sox 10-hit rampage against the Schoolboy with two doubles and a single. Vernon Washington, Indianapolis rookie, making his first appearance in right field for the Chicago team, followed Zeke with two hits, both singles, but they both counted for runs.

Goose Goellin, displaying mid-season batting form, almost pulled the Schoolboy out of the hole as he lashed out a single, a double and a home run to account for five of Detroit's six runs.

"Sad Sam" Jones, who invariably proves to be a problem to the Tigers, started for the White Sox and yielded but one hit in the first three innings. The chill got into his arm in the fourth, however, and Greenberg nicked him for a single, to be brought home standing up by the Goosie's blasting double. Detroit tied the score in the sixth at four-all, when Goellin got his homer with two on base.

Jones came back in the seventh to hold the Tigers, but after he had been given a three run lead again in the eighth, retired in favor of Whitlow Wyatt after Goellin singled for his third straight hit and Goellin walked. Wyatt stopped his former Tiger teammates cold from there on.

Charles F. Navin, secretary of the Tigers, said the paid attendance for the opening game was 24,000.

Bonura was on the starting end of each of the three Chicago scoring rallies, in the second, the fourth and the eighth. Al Simmons, shifted to center field this spring, hit only once in five times at bat, and was one of Rowe's four strike-out victims as he went out on three pitched balls in the seventh. He fielded faultlessly, however, as he made a running, one-hand catch of Gehring's fly in the fourth.

Vaunted Trojan Vaulters

Shooting for the mark established by their illustrious predecessor, Bill Graber, who chalked up a world record of 14 feet 4 1/2 inches, these pole vaulters of the University of Southern California are ready to hit the stratosphere. Left to right are John Hooker, Jim Fimple, Earl Meadows, and Bill Sefton.

Griffith's Men Open up in First Inning, Scoring Three Runs; Foxx Hits Homer

By Dillon Graham, Associated Press Sports Writer. Washington, April 17.—(AP)—The Washington Senators uncorked a savage first inning bombardment before President Roosevelt — their "good luck" fan — here today to win their delayed American League baseball inaugural with Philadelphia's Athletics 4 to 2.

Punching out four singles in rapid order to score three runs and adding another counter in the second inning, the Senators thrilled 21,000 spectators by their quick assault that the A's were never able to equal.

Jimmy Foxx, the former first baseman starting his first season behind the plate, was off to a fine start in the home run derby with a long drive into the left field bleachers in the eighth inning that scored Wallace Moses ahead of him with Philadelphia's only runs. Jimmy also cracked out a single and had a perfect fielding mark.

Mr. Roosevelt, accompanied by an official party, including Postmaster General Jim Farley, was cheered lustily as he smilingly performed his annual pitching chore of tossing out the first ball. The presidential throw was a high lob toward the infield, which was caught by Washington's pitcher Bob Burke in a mad melee among the players.

Washington has good reason to consider Mr. Roosevelt a harbinger of good fortune for the Senators have never lost a game in which he stayed until the last put out, but for a while it looked as if the president's perfect record might be broken.

Vice-President Jack Garner and President William Harridge of the American League assisted Owner Clark Griffith of the Senators in the flag raising ceremonies before the game.

Merritt Cain, the Athletics' hurler, was touched for eight hits, but except for the barrage the Senators unleashed in the opening inning, the big right hander hurled a good game. He was relieved by Bill Dietrich in the seventh after giving way to a pinch hitter. Whitehill gave up nine hits, while Russell allowed one.

Red Sox Noseout Yankees 4 To 3

New York, April 17.—(AP)—The Red Sox came through with a pair of last ditch rallies today to score their second straight triumph over the Yankees, 4 to 3, in a ten inning battle.

Max Bishop clouted a home run with pinch hitter Roy Johnson on base to tie the count at 2-2 in the ninth and another pinch swatter, Bing Miller, came through with a tenth inning single with runners on second and third to supply the winning run just before Lou Gehrig belted his first homer of the season. Gehrig's blow came off Henry Johnson's delivery with two out and the bases empty in the last half of the tenth.

Reds Rally, Beat Pirates 7 To 4

Pittsburgh, April 17.—(AP)—The Cincinnati Reds rang in the baseball season in the steel city today with a series of base hits in the closing innings that wiped out the Pirates' early lead and gave the invaders a 7 to 4 triumph. Approximately 10,000 cold-weather fans shivered through the opening-day encounter.

Guy Bush, ex-Cub pitcher, making his Pittsburgh bow, turned the Reds back with only hit in the first five innings and then Chick Hafey batted out a triple in the sixth that sent in two runs.

Erickson drove out a homer in the seventh and the Reds scored two more runs in the eighth, sending Bush to the showers. Swift replaced him.

Singles by Riggs and Bottomley, Hafey's sacrifice and singles by Goodman and Campbell netted two more runs in the final inning.

Derringer was wabby for the first five innings and then settled down to steady, effective pitching for the last four frames and his mates did the rest.

Vaughan's single, Traynor's triple and Suhr's long fly accounted for two Pirate runs in the second. The Bucs added two more in the fifth on a double by Lloyd Waner, a triple by his brother, Paul, and Herman's long fly.

The Pirates outhit the Reds 13 to 11.

The Reds got under way in the sixth when Myers beat out a tap to the left of the plate. Byrd popped to Lavagetto. Riggs dropped a single in right and both runners moved up. After Bottomley had rolled out to Suhr, Hafey slammed out his triple over center to send in the first two counters.

New Berlin Women Elect Three Officers

New Berlin—Three officers to fill unexpired terms were elected at a meeting of the New Berlin Woman's club at the home of Mrs. Boynton

Warren. Mrs. J. F. Short was elected first vice-president; second vice-president, Mrs. Charles Washburn, and treasurer, Mrs. John Horn.

The president, Mrs. Pfeffer, appointed Mrs. E. C. Coulter, Mrs. C. A. Pfeffer and Miss Besse Maxwell as delegates to the thirty-seventh annual convention to be held in Auburn May 8. Alternates are Mrs. Charles Washburn, Mrs. John Hensey, and Mrs. Vernon Kirby.

The program at this meeting was planned by the civic committee with Mrs. Howard Perry, chairman. Mrs. Vernon Kirby ably opened the program with a review of the book, "Boy and Girl Tramps of America." Betty Jensen then gave two piano numbers, "Valse in E flat" and "Oriental Dance."

Miss Eleanor Lonek of the high school faculty closed the program with two solo numbers, "I Love But a Day" and "A Bird in Hand."

Approaching Wedding

Banns were published Sunday in the Catholic church for the marriage of Miss Rosella Brehm and Leo Roth of Hayti, Mo. The ceremony will take place April 24 at St. Mary's church here with Rev. Father Fanning officiating.

Miss Virginia Burr, home economics teacher at the high school, entertained her class by taking them to the Smith bakery to watch a demonstration in bread-making.

A daughter born last week to Mr. and Mrs. Howard Sullivan in Miami.

Fla., lived but a short time. The parents have the sympathy of many friends in this community.

Mr. and Mrs. F. M. Taylor drove to St. Louis recently.

Mr. and Mrs. Carl Pfeffer, Mr. and Mrs. Harold Zude, Mr. and Mrs. Kenneth Dunlap, Mrs. Blye Wenneborg attended a dinner dance and style show given by the American Legion Auxiliary at the K. of C. hall in Springfield.

Former Jerseyville Resident Injured

Jerseyville—Frank J. Powers of Jerseyville received word that his sister, Miss Josephine Powers of Chicago, formerly of this city, was confined in a hospital in Berwyn, Illinois, suffering from injuries sustained in an automobile accident Friday night.

Miss Powers with two girls were enroute to Decatur to spend the weekend with friends when the car in which they were riding figured in a collision with another car.

At the hospital an examination revealed that Miss Powers had suffered a fractured skull, and had received severe bruises. The other girls were not badly injured.

Missionary Will Speak

Miss Olive Sumner who formerly taught in the Flandreau Indian Vocational Schools at Flandreau, South Dakota, will speak at the meeting of the Missionary society of the Presbyterian church Thursday afternoon, April 18th.

Miss Sumner will take as her subject, "What the Government is Doing for the American Indian." Indian songs will be sung by Mrs. Jesse Holiday and at the conclusion of the program a social will be enjoyed.

Not Eight-Legged Horse—But a Dead Heat

When Sutor, a veteran sprinter, and Dirigible, a young horse roared down the home stretch of the Agualiente race track so close together that they seemed to be a single animal, the judges had no hesitation in calling the race the rarest thing on the turf—a dead heat. The horses are shown crossing the finish line simultaneously, looking like an eight-legged freak.

Tony Canzoneri and Ambers To Meet In First Fight of Outdoor Season On May 10

New York—(P)—The liveliest promotional war since Tex Rickard's heyday promises to restore New York to its former proud position as fistic capital of the world.

As a result of the feverish rivalry between Madison Square Garden and Mike Jacobs' 20th Century Club, metropolitan followers of the cauliflower brigade can put their cash on the line, if it holds out that long, for these four prime attractions:

May 10—Tony Canzoneri vs. Lou Ambers, at the Garden, for New York State Athletic Commission recognition as world's lightweight champion, succeeding Barney Ross, resigned.

May 26—Ross vs. Jimmy McLarnin for the world's welterweight championship at the Polo Grounds with Jacobs promoting.

June 13—Max Baer vs. Jimmy Braddock for the heavyweight championship, at the Garden's Long Island bowl.

June 25—Joe Louis, Detroit Negro heavyweight, vs. Primo Carnera at the Yankee Stadium, Jacobs in charge. Although Jimmy Johnston and his Garden associates have the offerings with the 20th Century Club, the financial advantage apparently lies entirely with Jacobs.

Accurate prognosticators of gate receipts estimate the third meeting between Ross and McLarnin will draw nearly \$300,000 and that the Louis-Carnera bout, the slugging Negro's eastern debut, may attract nearly \$500,000.

One of the Garden's bouts, that between Canzoneri and Ambers, will be held indoors where there will be no chance of running the gate into big money. Just what Baer's title defense with Braddock will draw is problematical although some boxing critics have predicted that \$200,000 will be the most the Garden can expect.

Braddock's personal following in the east and the crowd appeal of any heavyweight championship match may swell the receipts well past this figure.

One of the significant features of

the promotional lineup is that a victory for Baer will break the Garden's domination of heavyweight championship matches, unbroken since Rickard first tied up Jack Dempsey.

Baer has no holdover contract this

time for another fight and may prefer to do business elsewhere in the future.

Braddock agreed to one title defense for the Garden in the event he whips Baer.

Seek Federal Fund to Surface All Roads in County, Work Project

A request for a work relief project that would surface with gravel or stone more than 900 miles of dirt roads in Morgan county is being forwarded to Dr. M. H. Bickham, state program planning director, by the board of county commissioners.

The request grew out of the recent visit of Dr. Bickham to the county and a conference with the commissioners, the highway engineer and others interested.

Dr. Bickham heard the plans for surfacing the farm-to-market roads in the county and asked that a request for funds from the \$4,890,000.00 federal public works appropriation be forwarded to him.

The enormous project has the endorsement of the county commissioners, the Farm Bureau thru its road committee, H. P. Joy, W. T. Rembroun and F. J. Flynn, and the local Chamber of Commerce, thru its secretary, R. E. Welch; also the Morgan County Fair association thru its president, A. D. Arnold and the commissioners of the thirteen rural road districts in the county.

The survey of the road situation and outline of the project as prepared by W. J. Casler, county superintendent of highways are contained in the letter forwarded to Dr. Bickham, which is as follows:

Dr. M. H. Bickham, Director of Program Planning, Ill. Emergency Relief Comm., Chicago, Ill.

Dear Sir:

In accordance with your instructions at the close of our conversation, in the Court House at Jacksonville, Ill., we are forwarding to you a road map and a description explaining the road situation in Morgan County. Enclosed, also you will find a tabulation of the road mileage and various types, in each of the thirteen Road Districts, and also totals for each in the whole county.

As you will note from the map and the tabulation the following situation exists:

(1) There is approximately 106 miles of 18 foot concrete pavement in Morgan County, built by the State and maintained by them.

(2) There is approximately 125 miles of State Aid Road in Morgan County. These roads are maintained by the County Highway Department, from the County Highway Fund, which is derived yearly from a Property Tax of 12 1/2 cents per \$100.00 valuation. The following situation exists on the State Aid Road System:

(a) 15 miles are surfaced with either Concrete, Bituminous mixed gravel, or Traffic Bound Gravel.

(b) 110 miles are kept open to traffic all the year around, by oiling each year.

(c) Contained in the 110 miles (you will note on the map marked in yellow) is approximately 16 miles of road that has been graded and bridged to meet State Highway Specifications, but upon which we have been unable to provide any surfacing material, except yearly applications of road oil. During the ensuing year we contemplate improving about 5 miles of this 110 miles of State Aid Road in the same manner as described above, making a total of 21 miles improved except for surfacing.

(3) There is approximately 840 miles of unimproved dirt road in the Thirteen Road Districts, upon which there has never been any kind of surfacing put on. A small percentage of this 840 miles of unimproved dirt roads (about 20%) is yearly given a coat of oil, but of course this is an additional tax on the Citizens doing it and is hardly satisfactory.

County's Greatest Need

From the above description the following facts may be obtained:

(1) That the most crying need of the people of Morgan County is the surfacing of a large portion of their State Aid and Road District Roads.

(2) That with the County Highway organization, (consisting of the

Supt. of Highways, Engineering Force, Maintenance Force, and Construction Force) for carrying out the program on the State Aid Road System, and the thirteen Road Commissioners and Clerks in all of the Road Districts (working under the direct supervision of the Supt. of Highways) for carrying out the program in the thirteen Road Districts, we have the most logical set-up to handle any large construction program in the county.

(3) That there is 16 miles of graded earth roadway, containing all new bridges and other drainage structures, that has been accepted by the State Highway Department as meeting with all of their requirements during and after its construction. This 16 miles of road located on the main arteries in the County, is only lacking a permanent surface. If this surfacing material could be obtained, this mileage would be accepted by the State Highway Department as part of their system.

125,000 Tons of Material

(4) That in order to provide Gravel or Stone Surface for the 110 miles of State Aid Road, which are at present without surface, it would require approximately 125,000 tons of material. This would provide a surface 15 feet wide and 3 inches thick.

(5) That in order to provide gravel or stone surface for the 840 miles of unimproved dirt roads (commonly called Farm-to-Market roads) in the 13 Road Districts, it would require approximately 835,000 tons of material. This would provide a surface of 10 feet wide and 3 inches thick.

(6) This as an alternate, if only the main routes in the Road Districts are surfaced, there would be 650 miles to be surfaced, which would require approximately 500,000 tons of material. This would provide a surface 10 feet wide and 3 inches thick.

THEREFORE, we the undersigned County Commissioners of Morgan County, hereby request that in making out the various work projects to be carried out in the various counties in the State of Illinois under the provisions of the \$4,890,000.00 Work-Relief Bill, that particular consideration be given to the facts as outlined above, and that Morgan County be granted a Project that will give us an improved County Road System.

Project Widely Endorsed

This project has the complete endorsement of all the local Civic Organizations in this county. The endorsement of some of which are contained at the end of this request. At every meeting held so far in Morgan County, this project has been decided upon as the most essential and logical.

Due to our geographic location we are unfortunately unable to locate any large deposits of local material suitable for road surfacing purposes. We are making further investigations and hope to locate something that will serve the purpose. If local material is found we could use it on the roads, provided that we could receive help in installing suitable loading equipment. But regardless we are forced to ask that you give consideration to the idea of shipping into Morgan County a large portion of the material required.

We have a limited amount of road money available each year, but this has been cut down to a very low level by lower valuations, delinquencies, and Diversions.

The following is an approximate estimate of the cost of furnishing the material for all of the above three systems offered:

(1) To surface the portion of the State Aid Road System that is as yet unsurfaced\$125,000.00

(2) To surface all of the Road District or Farm-to-Market Roads\$600,000.00

(3) To surface only the Mail Routes in the various Road Districts\$500,000.00

We wish to thank you for your assistance in getting up this project, and hope that you will give it your careful attention, and see that it reaches the proper channels.

Clifton Davis, Chairman of the Board of Co. Commrs.

Wm. M. Rees, Member of the Board of Co. Commrs.

Walter Fearnough, Member of the Board of Co. Commrs.

W. J. Casler, Supt. of Highways.

It is hoped to find some of the material for the surfacing of the roads in this county. An effort will be made to locate gravel deposits that are suitable and stone that can be used within the county. Anyone knowing of gravel deposits in the county should notify W. J. Casler, who will secure a survey of such deposits and see whether they would be adaptable for surfacing roads.

I wish to thank my friends who voted for me in Tuesday's election.

Clotis A. Green.

Morgan County Will Send 53 Boys Away To Join U.S. Camps

Few Enrollments Open as New Contingent Gets Ready for Trip

Fifty-three Morgan county young men will be given opportunity to join Uncle Sam's CCC camps Monday when Capt. John H. Cochran comes here to enroll the applicants. Mrs. Tillie J. Kelly, Morgan county relief director, has been notified that Morgan county is entitled to 30 regular enlistments and 23 based on drought relief.

The majority of these places already have been filled, but there are a few vacancies. Young men between ages of 18 and 25, single, are eligible to join the CCC if they pass physical and other requirements.

Capt. Cochran, who is stationed at the 21st Forestry district, Camp Springfield, will arrive at the American Legion Home Monday morning at 8 o'clock to take charge of enrollment. He will be accompanied by medical men who will make the physical examinations.

The destination of the Morgan county quota has not been announced, but the boys probably will be sent to Jefferson Barracks near St. Louis for conditioning. They then will be transferred to various camps.

The Civilian Conservation Corps period of enrollment is 6 months. Young men wishing information should communicate with Mrs. Kelly at the relief office.

GOOD FRIDAY SERVICES

Special services in commemoration of Our Saviour's death on the cross will be held at the Salem Lutheran church on Good Friday morning at 10 o'clock. The pastor, J. G. RED & WHITE STORES CELEBRATE 14 ANNIVERSARY

Celebration to be Combined with Gigantic Easter Food Sale

For fourteen years the Red & White plan of voluntary operation has been successful and has leaped into international fame. There is hardly a hamlet or city in the United States or Canada which has not heard the Red & White name mentioned. The growth of this splendid organization has been phenomenal.

In the course of a few years the Red & White plan of cooperative-home-owned, home-operated stores has been adopted by thousands of independent retail grocers. Each Red & White Store is owned and operated by the man behind the counter who has affiliated himself with a group of similar independent retail grocers in his city. These stores are serviced by a local wholesale grocer who supervises the activities of this group and helps them with their mass buying arrangements, advertising and all other cooperative activities which are entered into.

Red & White was conceived and developed for the benefit of the independent retail store operator and is never operated for selfish profit. Red & White is purely a friendly organization whose existence is made possible by the splendid cooperation, confidence and integrity of its members. One of the unique principles upon which the Red & White Organization was founded is the application of the Golden Rule: "Do unto others as you would have them do unto you." This basic principle of operation has proved to be highly successful and lends a fraternal atmosphere to the organization which forms a bond that is not easily broken.

Labels

The Red & White group owns and controls the longest list of food products ever packed by one organization. These products enjoy the unique distinction of having a longer list of Approved Items by the Bureau of Foods, Sanitation and Health of Good Housekeeping Magazine than any other similar line.

This is a momentous year for Red & White. New plans have been in operation which are responsible for a complete remodeling program, making better merchandising homes in which to serve the people of each community.

This week all Red & White Stores throughout the United States and Canada are staging a double merchandising event. They are celebrating their Anniversary with a combined Easter Food Sale. An inspection of these stores will show beautiful posters and banners announcing the sale at prices which represent real savings to all.

It has been reported that the Red & White Stores are going to launch a new Coffee Program, bringing to the consumer the finest coffee obtainable at prices which are consistently low.

Originated in Buffalo, N. Y.

The Red & White plan of operation was conceived by S. M. Plickinger of Buffalo, New York, in 1921. It was designed to meet the demand

Is Your Car over 70 horsepower?

If it is, you must have motor oil of extra high film strength to get SAFE LUBRICATION

YOUR car today has twice the horsepower and speed of the car you drove ten years ago! The average of 22 leading cars in 1934 was 108 horsepower.

Bearing pressures and temperature have increased correspondingly—so greatly that motor parts are now made of new alloy metals of extra strength and durability to stand the load!

To protect such a motor you need an oil with enough extra oiliness and film strength to withstand the extreme pressures and temperature!

Yet motor oils generally have no more oiliness and film strength now than they had ten years ago. New refining methods have recently come into use to make oils free from carbon and sludge. But these refining processes have lowered instead of increased oiliness and film strength—the very qualities on which depends an oil's lubricating value!

There is one exception—Conoco Germ Processed Motor Oil. It, too, is free from carbon and sludge troubles. But, more important, the new Germ Process—adding concentrated oily essence to highly refined oil—puts into this oil 2 to 4 times the film strength of any straight mineral oil, as tests on Timken and other machines have proved! That extra film strength gives safe lubrication under the most extreme pressures!

Germ Processed Oil protects your motor another way. Its penetrative film, the "Hidden Quart," stays up in your motor and cuts down starting wear.

Germ Processed Oil gives longer mileage with greater motor protection, as the Indianapolis Destruction Test proved.

Say "O. K.—Drain"—fill with Conoco Germ Processed Motor Oil and drive with the assurance that your oil meets your motor's needs!

Plymouth Ride

WE'RE TALKING ABOUT MAY SAVE YOU

IMPORTANT MONEY

● BECAUSE IT is so big and luxurious some people don't realize that the Plymouth is one of the lowest priced cars.

And because it's so big and powerful (82 horsepower) many people don't know it's the most economical full-size car there is!

When you fail to get the most possible for your money you are practically throwing away money.

That's why we say a Plymouth ride can save you important money—save on first cost, on operating costs, and on upkeep—plenty!

Now is the time to get the facts. April is Plymouth Ride Month. We have put extra cars in service and extra drivers. Come in, or phone us or flag us on the street—no obligation, of course.

Contract for State Building Here Will Be Let by June 30

Director Bowen Announces New Hospital Unit to Be Started Soon

The contract for erection of a \$100,000 building at the Jacksonville State Hospital, the first unit of a 200 bed tuberculosis hospital, will be awarded before June 30, according to announcement Tuesday. A. L. Bowen, director of the state department of public welfare, said the plans are almost completed and the contract will be let early in the summer.

The state hospital project has been under consideration for a number of months. It will be a one-story brick cottage to accommodate one hundred beds. The unit, which will serve the double purpose of giving adequate care to tuberculosis patients of the hospital, as well as relieving the crowded conditions in the institution, will cost approximately \$100,000. Plans are now being made and the contract will be let before June 30, so that work may be started this summer.

The unit will have accommodations for fifty male and fifty female patients, and will be constructed in such a way that another 100-bed unit may be added later. In addition to the patients' quarters, there will be serving rooms and quarters for physicians

and nurses. It will be located west of the annex in what is now the institution garden.

At the Peoria State Hospital, a horse barn, one story high and capable of housing twenty horses and a feed supply, an implement building adjoining the barn, a new ice making plant in the power house and renovation of the cold storage plant are under construction. Cost of these improvements will be approximately \$40,000.

A new bakery has recently been put into operation at the East Moline State Hospital, where there are 1,613 patients. Modern machinery is now replacing hand work at the East Moline institution, where the same head baker has served thirty-five years.

Coultas Says He Shot Negro In Self Defense; Jury Considers Verdict

several questions as to the events prior to the shooting. Walton was rescued from being run over by Eddie Girard, according to Donovan.

Donovan stated that he and Girard stayed around the scene of the fatal shooting just long enough to see Coultas and Walton push each other through a car window. Donovan said he saw Walton reach through the window of the car, and he saw Coultas shove him back. The action was repeated again, and Donovan testified he called to Girard, and that they immediately left because they feared trouble would develop and they did not wish to be involved.

John Green told the jurors that he and Walton had an argument about two months ago, at which time Green incurred Walton's enmity by prevailing upon the colored man to return a purse which Walton had snatched from the pavement, where it had been dropped by a small boy. Green reported that Tuesday night he was going toward the square when he passed the filling station midway in the first block on North Sandy off the square and heard Walton say:

"That's the boy I want." Green continued with his testimony, stating that he "ducked" into the Covey tavern, and that Walton attempted to follow him in. The door was shut in Walton's face, Green stated.

The crowded court room rocked from time to time with laughter as witnesses told of the events leading up to the fatality. Particularly amusing in the eyes of the large crowd was the testimony given by Thomas "Mickey" Donovan and Willie Sheehan, both of whom were near the scene.

Testimony of Drs. Carl Black and T. O. Hardesty was virtually the same. Dr. Black said he was called to the hospital and arrived there when Walton was breathing his last. He related that x-rays were taken to determine the course of the bullet. He

told of making a post mortem examination Wednesday morning and removing the fatal slug. The bullet was dented on the nose, presumably becoming dented when it struck the skull of the victim. A small sliver of lead had splintered off the pellet and was located near one of the bones in the head. Dr. Hardesty said the victim was dead when he reached the hospital, and that he and Dr. Black worked in unison in making the post mortem.

Patrolman Ike Flynn told of answering the call and of taking the dying man to the hospital. He said he did not search the man's clothing, but felt something hard in the pocket of the corduroy coat the victim wore. He did not remove the object, but declared that it was not a keyring upon which were several keys, which Attorney Foreman handed him. Flynn said the object felt more like a heavy clasp knife.

Patrolman John Woods told almost the same story, relating that the negro was found face downward about three or four feet south of the entrance to the Coultas hamburger stand. He said he and Flynn were there only one or two minutes.

All of the witnesses testified there was plenty of light on the street and that it was possible to see clearly what was happening.

Coultas Testifies

Taking the witness stand to relate his version of the shooting Coultas said he fired the fatal shot into the negro's head because he thought it was "his life or mine." "He made a grab for me and said something about money," said Coultas. "I pushed him away and he came at me again, grabbed my coat lapel with his left hand and reached toward his right hip pocket as if to draw a weapon. I thought he was either going to cut or shoot me so I drew my gun and fired. He dropped and I went to the police station and reported what I had done."

Coultas said he and his wife had started to leave his lunch room ear-

lier, when the negro jumped on the running board of the Coultas car and grabbed twice at Mrs. Coultas' purse which she had under her arm. Coultas closed the window of the car after pushing the man away and drove to his home.

Arriving at his home, which is only a short distance from the Coultas restaurant, Coultas said he found he had no tobacco and decided to go back to his lunch room and get some. When he arrived in front of the restaurant he got out and when he did Walton attacked him.

The restaurant proprietor said he had \$200 in his pocket and he thought the negro was going to attempt to get it. Walton was a stranger to him, Coultas said, asserting he had never seen him before.

Questioned about possession of the gun which was used to shoot Walton Coultas said he carried a gun back and forth between his home and the restaurant, when he carried money. When he arrived at the lunch room he placed the gun in a table drawer.

Asked if he had had anything to drink during the evening Coultas said possibly two or three five cent beers, nothing more.

Frank Baker, chief of police, said he saw Coultas on the street about 9:15 o'clock Tuesday evening and later at the police station. Chief Baker talked to Coultas at the station but learned little about the shooting.

In answer to a question Baker said he detected the smell of alcoholic liquor on Coultas' breath, but he was not drunk. Asked if he could tell by the odor what Coultas had been drinking, Baker replied he could not.

Frank Wolfe, member of the local fire department, told of taking Walton to the hospital after he was shot, and the testimony of Kenneth Wilson was read to the jury by the stenographer. Miss Helen Ward, Wilson passed the restaurant just prior to the shooting and felt the concussion from the shot after he had gone down the street.

The jurors were C. W. Tinsley, foreman; Charles Strowman, Sam Duval, William Parrish, Edward Coe and John Roach. In addition to the questioning by Coroner Sample and the jury queries were made by State Attorney W. H. Absher, Hugh Green, attorney for Coultas and Orville Foreman and E. P. Cleary, attorneys for the Walton family.

Chicago Leaders to Aid Horner in Push For Three Cent Tax

Patrick Nash and Al Horan in Springfield to Crack Whip

Springfield, Ill.—(AP)—"The heat is on."

That was the word which spread like wild fire in legislative circles today as assembly members discussed two developments in the much muddled relief situation.

Present in Springfield were Patrick A. Nash, Cook county Democratic boss, and Al Horan, balliff of the municipal court of Chicago, two men whose ability to swing recalcitrant legislators into line has been demonstrated in the past.

With Nash and Horan on the scene came word that federal officials have informed Illinois Emergency Relief Commission members that federal aid would not be forthcoming in May unless the assembly had, by that time, provided the \$3,000,000 monthly they have demanded as the state's share of the relief fund.

Chagrined at the beating given the administration relief measures in the house last week—the bills to increase the sales tax to three per cent and include utilities within its scope—the administration was marshaling all its forces to recover lost ground.

Senate Democrats were called into a caucus with Governor Horner late yesterday and the situation canvassed. The meeting was to be resumed today.

When the caucus ended it was learned that all participating had been sworn to secrecy.

Resumption of the caucus today, however, led to the conclusion that senate Democrats, who number sufficient votes within their own ranks to pass the relief bills, were not as one in offering their support to the program.

It was determined that 22 of the 34 senators attending had agreed to support the three per cent sales tax. This leaves administration forces 12 short of the necessary number to obtain senate passage of the four short bills it is ultimately determined to drop the emergency clause and let the impost become effective July 1.

At present the leaders are not concerning themselves with the house, where the opposition forces scored a victory last week. Their present plans call for senate passage—then they will set about putting the house in shape for similar action.

Utility Workers Go On Job, Then Leave

Withdrawal of Strike Order Fails to End Walk-out

Centralia, Ill.—(AP)—Progress towards settlement of the southern Illinois utility strike was definitely set back today as electrical workers at Hillsboro and Gillespie again failed to report for work.

Apparently regarding the formal withdrawal of the strike order by union officials as signaling the end of the walkout, workers at the two towns returned to their jobs Monday, only to fail to report again yesterday and today.

At Hillsboro, the men in their one day's work repaired a high tension line that was out of order and, as a result, normal service has been resumed by the Illinois Power and Light company with non-striking employees.

Here and at Mt. Vernon, the two cities which have been without gas since April 3, strikers made no attempt to return to their jobs and reports from other towns were to the same effect.

Warmer Weather to End Crop Dangers

New England Still in Grip of Cold Wave

(By The Associated Press)

A wave of warmer weather was counted on by fruit growers in the country's cold belt today to dissipate the possibility of extensive crop losses.

Higher temperatures in most of the midwest, where the cold snap began earlier in the week spreading rapidly to the east and south, were predicted by the weather bureau. More moderate temperature readings were also forecast for the east, and for the southern states included in the cold area, but chilly weather, with snow, threatened to hang on in New England.

New York City looked for a drop to a mid-April record of 28 above zero, however, before snow flurries give way to cloudiness with rising temperatures.

Livestock Men To Attend Meet

Sterling, Ill., April 17.—(AP)—Representatives of 11 counties in northwestern Illinois will attend a livestock marketing meeting to be held at the Coliseum here on April 27. Speakers will include Earl C. Smith, president of the Illinois Agricultural Association; George E. Metzger, field secretary of the Illinois Agricultural Association; and Donald Kirkpatrick, legal counsel for the AAA.

The meeting will be one of five to be held in this state. The others will be at Urbana, Mt. Vernon, Quincy and Peoria.

PASS BARE BILL

Springfield, Ill., April 17.—(AP)—The state senate today passed the Barr bill to transfer monthly for seven months \$1,000,000 of sales tax revenues to the common school fund.

The vote was 38 to 2, but notice was served by Senator Harold G. Ward, Chicago Democrat, that reconsideration would be asked.

L. O. Williams, Clinton Democrat, said the relief question should be solved first and urged that the bill be held up until the Stettin educational commission makes its report.

Iowa Scheduled To Play I.C. 9 Today

Davis Picked To Hurl; But Weather Threw Some Fast One Too

Illinois College and the University of Iowa baseball teams are scheduled to play baseball this afternoon on the Illinois College field, beginning at 3:30, but from all indications the weather-man will be in control of the situation and very little baseball will be played.

Coach Raymond Nusspickel has nominated Russell Davis, his speed ball flinger, to mount the mound against the Hawkeyes in their first game away from home, and the first game for the Blueboys since they took three on the chin in opening their season at the University of Illinois two weeks ago. Illinois is scheduled to play Carleton college here Saturday afternoon.

The diamond was in excellent shape Wednesday afternoon for a baseball game, but the rains of last night and continued threat of rains today brought nothing but despair to the local collegians who had hoped to get another shot at Big Ten teams. They were rained out of a game with Northwestern last week.

Coach Nusspickel has picked Clark to go behind the bat, and has shifted his line-up somewhat to strengthen it for the coming conference campaign.

Eddie Reay, shortstop, is slated to lead off, with John Taylor in second place, Tom Kline third sacker, in third place, and Jim Winn, first baseman, in fourth place. Tony Pacotti, left fielder, Roy Collin, right fielder, and Sam Mangieri, second baseman, will take the next three positions with Clark, catcher, and Davis, pitcher, trailing the group.

FOUR-H CLUB GIRLS UPHOLD HOPES FOR YOUNG GENERATION

Urbana, Ill.—Many of the worries about "this younger generation" and what is going to happen to it can be quieted by inspecting the record of some 11,427 Illinois farm and small town girls enrolled in 4-H club projects, says Mary A. McKee, junior club specialist of the College of Agriculture, University of Illinois.

The depression has not dimmed the spirit nor lowered the morale of these girls, she reported. This spring finds them preparing to go ahead with the new rest and enthusiasm, she added. While many of these club girls carry on during the entire year, the spring season marks the forming of new clubs, the enrolling of new members and the starting of new projects.

As an illustration of what may be expected from these young ladies this year, they made more than 26,000 garments in 1934. In addition, they mended 17,000 garments and darned 22,000 pairs of stockings.

Activities of club girls are not limited to clothing work. They took complete charge of 11,500 family meals last year, preparing the food, serving the meals, washing the dishes and clearing the kitchens after these meals. In spite of a dry summer, they canned more than 4,000 quarts of fruit and vegetables in 1934. They braved hot kitchens to bake some 26,000 pieces of food.

Home furnishings also come under the classification of 4-H club projects. Approximately 430 articles of the home furnishing type were made by club girls of the state last year. They added to the comfort, beauty and serviceability of 145 rooms through their efforts.

All club work is done in the members' homes where they have a definite responsibility and where their accomplishments are subjected to the acid test of being practical from the standpoint of every day use.

Girls who wish to enroll in clubs this year or start clubs in their communities, should see their home or farm advisers, Miss McKee says.

President to Name Work-Relief Aides In Next Few Days

Believes Plan Will Be Ready Within a Month; Have Many Applications

Washington.—(AP)—Announcement within a few days of the administrative group which will help him allocate the \$4,000,000,000 work fund today was planned by President Roosevelt.

A series of round table conferences on distribution of the big reservoir of relief cash was expected as the first step in speeding its actual operation.

Mr. Roosevelt, discussing the program at his press conference, expressed confidence that dirt will begin to fly within a month or so on the huge undertaking to transfer 3,500,000 employables from direct to work relief.

More than \$900,000,000 of applications for funds were on hand, and a total of \$16,000,000,000 to \$20,000,000,000 in applications was expected.

Insofar as possible, Mr. Roosevelt told newsmen, he hoped to put out much of the money on a loan basis with a view to getting back the greatest possible amount.

To determine as near as possible the exact number of unemployed, their location and their classification of work, Mr. Roosevelt said he was planning to devote \$12,000,000 to \$15,000,000 in having "white collar" unemployed take a census of those out of work.

Grace Wins Crown In Y. M. Play-Off

Taking three out of five games, the Grace M. E. volleyball team last night won the Y. M. C. A. league play-off for the title on the Washington school gymnasium court before a large crowd. The Grace team scored only 61 points to 69 for the losers, but pulled two spectacular games out of the fire and clinched the match in the final game with a decisive score of 15-8.

The first two games went to Grace with scores of 15-13, before the State Street team was able to crash through. The grocers ran out a surprising 15-3 score as the churchmen appeared to stumble, but they were back on their stride in the next game, which the Grocers won to even the match, 15-13.

The line-ups:

E. State A. & P.—Reid, Duncan, Peters, Crabbe, Rudisill, Ericson.

Grace M. E.—Wahlheim, Stark, Hopper, Obermeyer, Illtler, Steinheimer, Cunningham.

Women Named As School Officers

Roodhouse, Ill., April 12.—The election to select directors of the Bending Oak School last Saturday, resulted in victory for two women over the men candidates by a large majority. Mrs. Eugene Rawlins and Mrs. Ernest Simmons were the successful candidates, winning over Albert Dean and Claude Brickey. This is the first time in the history of the district that women have been named to the directorate.

W. A. Jolley, delivered the address at the weekly luncheon of the Rotary Club here Tuesday. His subject was "The Code of Ethics of the Newspaper Business in the State of Illinois. Every member of the club was present at the meeting.

Watch Hopkins as Relief Feud Flares

Expect Him to Join Ickes Against Huey Long

Washington.—(AP)—With hostilities between Senator Long (D. La.) and Roosevelt men flaring into the open again, the capital watched today in the expectation that Harry L. Hopkins, relief administrator, may be the next to crack down on Long's newest plans.

So far Hopkins has refrained from saying anything about the news from Baton Rouge that a bill has been put forward to place relief money under the control of the state administration which Long directs through Gov. O. K. Allen.

But the capital noted the assertion of Secretary Ickes, PWA administrator, that public works funds "won't be used to build up Senator Long's political machine" and recalled that Hopkins too, had acted in the case of other states where he charged politics had become entangled with relief.

Indees Clinch Y. M. Cage Title 37-26

Pull In Front In Second Quarter To Win Fourth Straight Year

Frank Smith's Indees are still the champions of the Y. M. C. A. league and have a claim on the city's amateur basketball crown for teams not connected with schools, the fourth straight year this team has held the title. The Indees clinched the Y. M. championship last night on the David Prince court by defeating the Steinheimer quintet 37 to 26 in the third of a three game series for the title.

Off in front in the championship game, the Indees led 6-5 at the end of the first quarter and then shot out to a 15-8 lead at the end of the first half. The margin remained in virtually the same position during the third quarter which wound up 21-15, but the Indees stepped out in the final period to clinch the game.

Pop-Eye Hudson again led the Indee attack, hanging in 18 points for high point honors. Dueser was the high gunner for Steinheimers, scoring ten points.

The Indees lost but two games in the league during the season.

Cities in State Roll up Ballots

Many Incumbents Returned to Office; Mayor Andrews Loses in Kewanee Fight on Municipally Owned Utility

CHAMPAIGN SETS MARK

(By The Associated Press)

Voters of scores of Illinois municipalities turned out in throngs yesterday that rolled up record smashing votes in many communities where local issues stirred interest to fever heights, the majority of candidates running on non-partisan tickets.

The only disorder reported was a slugging and two beatings in Niles Center, suburb northwest of Chicago, where Charles M. Holmes, former police chief suffered a broken nose. Two others were beaten. Five suspects were arrested.

Many incumbents were returned to office, but several veteran political figures fell before the onslaught of voters. James H. Andrews for several years president of the Illinois Municipal League, was defeated after serving as mayor of Kewanee for 16 years.

Mark Saunders, Republican, won from Andrews, who waged a campaign advocating municipal ownership of utilities, by 777 votes.

Mayor George Franks of Champaign was defeated by James Flynn, Campus Clothes merchant, in an election that saw all vote records fall.

Kankakee's mayor, Dode Rex, Democrat, was defeated by Roy D. Taylor, as Republicans elected an entire city ticket and nine out of 14 aldermen.

Among election results were: Rock Island—John A. Bengston (D) defeated Robert A. Galbraith (R) for mayor, 7,559 to 7,442.

Kewanee—Mark A. Saunders (R) defeated James H. Andrews, mayor for sixteen years, by 777 votes.

Centralia—Louis Pfeiffer defeated Mayor John McNeil, 3,202 to 2,204.

Benton—C. Edwin Hair defeated H. C. Mooneyhan for mayor by 29 votes.

Zeigler—John H. Carr elected mayor over Pleasant Barnwell by 200 majority.

West Frankfort—Paul Moore defeated Cay C. Kelley for mayor.

Christopher—W. O. Baker defeated J. P. Rosan for mayor by 900 votes.

Sesser—Noble Short defeated Theodore Musselman for mayor by 5 ballots.

Hillsboro—Harry Yoffie, 1,590; C. F. Gilliland, 802, for mayor.

Coultas Says He Shot Negro In Self Defense; Jury Considers Verdict

Bulletin

The Jury Returned an Open Verdict at 2:10 O'Clock This Morning

Testifying during a five hour session of a coroner's inquest at the court house last night numerous witnesses gave their versions of the manner in which Alonzo Walton, local negro, met death Tuesday night, from a bullet shot from a gun in the hand of Samuel Coultas, 73 year old restaurant proprietor, but at 2 o'clock this (Thursday) morning the jury of six men selected by Coroner E. O. Sample, had not reached a verdict. The hearing was completed shortly after midnight after hundreds of questions had been propounded by the coroner, members of the jury and attorneys.

ORCHESTRA CONCERT IS GIVEN HERE

Unique Program Is Presented By Junior Group At High School

The Junior Orchestra under the direction of Mrs. Clara Moore Nelms, violin department of MacMurray college, gave its third annual concert Wednesday afternoon at the High school auditorium.

The entire program was unique and outstanding in the fact that the students having from one year of study to several years could present the selections displaying changes in tempo, bringing out the precision of the accompaniment in the Turkish march by Rusev and the changing moods of the lovely "Folk Dance"—"Tyrolean Air"—"Traditional." The story of the Taran-tula—Rusev, could easily be followed by the rhythms brought out by the young players.

Nancy Jean Hughes as a solo, played "Dance of the Goblins" with ease which showed training. The symphony number arranged by Mrs. Nelms for the Junior Orchestra was very well done, maintaining the piano-ness and crescendo movements. The Hunter chorus—Weber brought the concert to a close and showed the versatility of the young students.

The orchestra is composed of 14 pieces and efficient and carefully supervised work was marked. The personnel has been previously published.

The pantomime of "Scenes from Snow White" based upon a violin trio composed by Mrs. Clara Moore Nelms, directed by Miss Ainslie Moore was beautifully given, with colorful costumes. The interpretation showed artistic training and a fine coordination of music and acting which brought out the dramatic theme of the story.

AMERICAN LEGION AUXILIARY GIVES POT-LUCK SUPPER

Thirty members of the American Legion Auxiliary enjoyed a pot-luck supper last evening at the American Legion home at 8:15 o'clock. During the evening the chairman of the various groups were introduced and told of the work done the past winter to earn money.

Scott County Farm Bureau Observes 15th Anniversary at Winchester

This picture shows Earl C. Smith, president of the Illinois Agricultural Association, addressing the large audience that attended the anniversary observance of the Farm Bureau at Winchester, recently. Seated on the platform are Scott Bureau officials.

This photograph shows a portion of the large audience that attended the farm celebration and heard President Smith's address and enjoyed the anniversary program.

Winchester, April 17.—The Scott County Farm Bureau celebrated the anniversary of its present location and its fifteenth anniversary of service to Scott County farmers at a community meeting held at the auditorium of the Winchester Community High School, Saturday evening, April 17th. The auditorium was filled to capacity and the crowd was estimated at more than 1000.

A variety of entertainment was provided by the various communities of the county and community chairmen were introduced by Edward H. Marsh. Following which, the personnel of the Farm Bureau organization was introduced, which included the board of directors, the woman's committee, employees of the office, managers of

the co-ops and the boards representing the Agriculture Adjustment programs in the county. Clyde J. North, who was the first president of the organization, which was formed April 21, 1920, presided. He introduced Wilbur R. Gibbs, the acting president, who presented the past presidents of the Farm Bureau and paid tribute to them for the sacrifices they had made in behalf of the furtherance of the organization.

J. L. Itiner, Farm adviser for the county, expressed his appreciation to the membership and to his assistants in the office for their cooperation and assistance in carrying out the programs of the organization. Mention was also made of the extension men from the Department of Agriculture

of the University of Illinois and facilities of the Illinois Agriculture Association, which are at the service of the local farm bureau, in an effort to give those present a complete picture of the Farm Bureau organization, its component parts and vast possibilities for service to the farmer.

Earl C. Smith, president of the I. A. A. and director of the American Farm Bureau Federation, gave the concluding address upon the program. He gave an appeal for all farmers to cooperate in the furtherance of a plan for a complete system of Farm to Market Roads. He concluded with the slogan: "Those who work shall eat, those who can not work shall eat, and those who will not work shall not eat."

H. S. DEBATERS TO LEAVE TODAY FOR TOURNEY

To Take Part In State Contest Of Illinois Division Of National League

The debaters of Jacksonville High school will leave at noon today for Chicago and the state tournament of the Illinois division of the National Forensic League. Accompanied by their coach, Harold Gibson, and their faculty mascot, John C. Deem, the group will drive up to the "windy city" to participate in the windy tourney tomorrow and Friday. This year the meet is being held in the building of the Central Y. M. C. A. College on LaSalle St. Last spring, Northwestern University sponsored the tournament.

The team that will make the trip today is the same one which placed fourth in the United States last year, with one exception. Edward Johnston and Bob Fay will uphold the negative as they did at Topeka, but on the affirmative Mary Butler has replaced Don Michael who was lost to the team through graduation. Bill Clark will be the other affirmative speaker. Ralph Dunlap, the other negative speaker when a three man team is used, will make the trip as will his sister Jane, the third member of the affirmative.

In 1934, Jacksonville went to Chicago and tied for the state championship by winning five out of six debates. The going will be much tougher in 1935 however, as J. H. S. is a marked team and not particularly popular with the other first class teams of the state. In the teams of Elkin, Sandwick, DuQuoin, West Aurora, Rockford, Mendota, Waverly and others Jacksonville will find formidable and enthusiastic opponents.

The winner of this meet will be qualified to enter the national finals at Kent, Ohio. The local debaters will have another opportunity to qualify for this meet at the state tournament to be held at Bloomington during the latter part of the month.

G. W. EASTON PASSES AWAY WEDNESDAY

Death Of Well Known Jacksonville Resident Follows Long Illness

George W. Easton, a beloved and respected citizen of Jacksonville for several years, passed away at Oaklawn Sanitarium Wednesday morning, after an illness of long duration.

Mr. Easton will be remembered by many who were associated with him while he was chief clerk at the Illinois School for the Deaf. For the past few years Mr. Easton has conducted a sandwich shop on South Main street, at the Vandalla Road.

He was born in Louisville, Ill., December 18, 1872, the son of the late Dr. Andrew and Rebecca Easton. He grew to manhood in Louisville and for 16 years was a teacher in the public schools of Clay county.

Mr. Easton was united in marriage with Miss Nellie M. Lewis, who survives. He also leaves one daughter, Miss Ruth Easton, of Joliet, and one sister, Mrs. Adna Erwin, of Ogden, Iowa.

He was a member of the First Baptist church in this city.

The remains are at the Arthur G. Cody Memorial Home, but will be removed to the home later.

Funeral services will be held from the family home, 1727 South Main street, Friday morning at 10:30 o'clock, with Rev. Frederick D. Stone, pastor of the First Baptist church, officiating.

The body will be taken to Louisville, Ill., for burial in the family plot in Hoosier cemetery.

NARCOTICS USE DISCUSSED AT LIONS MEETING

Former Department Of Justice Official Is Speaker At Club Session

The difficulties confronting the government in controlling the narcotics traffic were described by William Spillard, Chicago, a representative of the national board of fire underwriters, at the meeting of the local Lions Club last night. Mr. Spillard was for ten years connected with the narcotics division of the Department of Justice, and his talk before the clubmen, illustrated thru the use of slides, proved to be of unusual interest.

Mr. Spillard's talk on narcotics dealt with the drugs from the poppy flowers of Turkey to the methods of smuggling used. The government is practically helpless in its efforts to control the traffic, he said, because of the long coast line of the United States and the many ships which dock in American harbors. Ninety-five per cent of the drugs used in the United States by addicts are manufactured in Europe and brought to this country by smugglers. To make a thorough search of one of the large ocean liners would require six months, said the speaker.

Mr. Spillard told of one drug that is not listed under the federal narcotic laws, marijuana, a very dangerous drug. The weed was originally imported from Mexico, and is generally known as the murder weed because of the tendency of the user to kill.

Physicians, surgeons and retail druggists comply 96 per cent with the enforcement act, 95 per cent of the drugs used by addicts being smuggled. The only statistics relative to the use of drugs is obtained thru the police and federal authorities, who have made arrests, the number of users who do not fall into the arms of the law being unknown.

Mr. Spillard showed slides of various drug seizures, which added much to his talk.

A guest at the meeting was Frank E. Doherty, Chicago, first deputy fire marshal.

Announcement of plans for a card party next Tuesday evening was made.
